PROFESSIONAL PROFILE

Textile Engineering student at Badr University in Cairo with a strong creative focus on textile and fashion design, hand sketching, fashion illustration, original motif development, surface design, and repeat patterns. Experienced in developing concepts from research and mood boards through color palettes, hand-drawn motifs, and final applications across Printing, Dobby, and Jacquard. Combines artistic design skills with practical exposure to textile manufacturing, dyeing, finishing, printing, production processes, and AI-assisted creative workflows.

EDUCATION

B.Sc. Textile Engineering

Badr University in Cairo (BUC) · Fourth Year | Expected Graduation: 2027

SELECTED ACADEMIC PROJECTS

Surrealism-Inspired Fashion & Upholstery Collection

Academic Design Project | Badr University in Cairo

- Developed complete fashion and upholstery collections inspired by Surrealism, from concept research and hand sketching to final design development.
- Created original hand-drawn motifs, contemporary garment concepts, and surface designs balancing artistic expression with functional application.
- Produced and published complete digital project catalogs through caroleehab.art.

Ancient Civilizations-Inspired Textile Design Collection

Academic Design Project | Badr University in Cairo

- Translated historical visual references and symbolism from ancient civilizations into contemporary textile motifs and patterns.
- Developed original designs for fashion and textile applications using repeat pattern, Dobby, Jacquard, and Printing design techniques.

Nature & Marine-Inspired Textile Design Collection

Academic Design Project | Badr University in Cairo

- Created original hand-drawn motifs inspired by flora, fauna, marine life, textures, and organic natural forms.
- Developed the artwork into coordinated surface designs and repeat pattern applications.

Seasonal & Festive Design Collection

Christmas & Celebration Themes | Academic Design Project

- Developed textile and fashion designs based on festive and seasonal visual concepts.
- Created motifs and surface patterns adaptable to fashion, accessories, and home textile applications.

TRAINING EXPERIENCE

Textile Engineering Trainee — Lotustex

Denim / Jeans Manufacturing | 1 Week | Aug 9–13, 2026

- Observed industrial denim and jeans manufacturing processes, machinery, and production lines.
- Gained exposure to denim dyeing procedures, garment manufacturing workflows, and industrial production operations.

Textile Engineering Trainee — Hosny Textiles

5 Training Days | Aug 2–6, 2026 | Completion Certificate

- Completed practical training in Dyeing, Finishing, and Printing within a live textile production environment.
- Gained practical understanding of color application, fabric treatment, finishing techniques, and printing operations relevant to textile and surface design.

Textile Engineering Trainee — Jade Textile Factory

1 Month | Training Certificate

- Gained practical exposure to textile manufacturing, machine operation, production workflow, and factory organization.
- Conducted morphological analysis of the UPC machine, studying its components, functions, and operating mechanism, and developed a conceptual productivity improvement proposal.
- Produced an illustrated factory layout mapping production zones, material movement, and production flow.

Textile Engineering Trainee — El Gizawy Textile Factory

2 Weeks

- Observed fabric manufacturing stages, machine operation, production challenges, and industrial textile workflows.
- Developed an understanding of production organization, quality control fundamentals, workplace safety, and manufacturing processes.

COMPETITIONS & ACHIEVEMENTS

3rd Place — University-Wide Arts Competition | Certificate Awarded

Exhibitor — EgyStetch Exhibition | Presented creative design work to academic and professional audiences

Participant — Nowar Drawing Competition | Submitted two artworks | Certificate Awarded

Exhibitor — Faculty Portrait & Human Face Art Exhibition

Department Creative Certificate | Awarded for excellence in hand-drawn artistic boards

Departmental Appreciation Certificates | For organizing and contributing to multiple events

Jade Textile Factory Training Completion Certificate

Hosny Textiles Dyeing, Finishing & Printing Training Completion Certificate

TECHNICAL SKILLS

Textile & Fashion Design

Repeat Pattern Design · Printing Design · Dobby Design · Jacquard Design · Surface Design · Textile Design · Upholstery Design · Fabric Structure · Fashion Concept Design · Fashion Illustration · Motif Development · Mood Boards · Color Palette Development · Dyeing & Finishing · Garment Manufacturing Processes

Hand & Artistic Skills

Hand Sketching · Fashion Sketching · Textile Sketching · Hand-Drawn Motif Creation · Artistic Board Design · Handcraft Skills · Portrait & Human Face Drawing

Concept & Creative Development

Concept-to-Collection Development · Design Research · Art Movement Interpretation · Multi-Concept Adaptability · Surrealism · Ancient Civilizations · Nature & Marine Themes · Seasonal & Festive Design

Design & Textile Software

Adobe Photoshop · Adobe Illustrator · Autodesk 3ds Max · Canva · Net Graphic · EasyWeave Maker

AI & Digital Tools

ChatGPT · Claude · Gemini · Sora · AI Image Generation · AI Video Generation

Industrial Knowledge

Morphological Analysis · Production Flow Mapping · Factory Layout · Machine Operation · Quality Control Basics · Process Optimization · Textile Manufacturing Processes

Publishing & Presentation

Digital Catalog Production · FlipHTML5 · Magazine Layout · Brochure Design · Catalog Design · Microsoft Word · Microsoft PowerPoint

SOFT SKILLS

Creativity · Attention to Detail · Visual Thinking · Problem Solving · Teamwork · Communication · Time Management · Adaptability · Fast Learning · Presentation Skills

LANGUAGES

Arabic: Native

English: Good
